**Fitness Pilates:** Combines the principles of traditional Pilates with updated exercise prescription for the apparently healthy adult. This class utilizes all of the principles and includes many of the mat work exercises of traditional Pilates, but offers modifications and diversifications to provide a controlled body conditioning program.

**Gentle Yoga:** A fun and safe way to gain all benefits of traditional yoga. A wonderful class for yoga beginners and those less flexible to learn the foundations before moving onto floor yoga. Includes a guided meditation. Chairs used for support.

**Noosa Yoga:** Noosa Yoga classes are 5 week sequences that enables variety and continuity with all levels of classical and modern yoga. Each class starts with ways to quieten the mind and breathe in a sequence of yoga postures, before a guided relaxation at the end. Every class is different because Noosa Yoga teachers maintain their own style of yoga.

**Pilates Fusion:** Pilates Fusion is a blend of stretching, Yoga and Pilates. The classes are customized to the participant's ability and will increase strength and flexibility and improve posture.

Power Bar is excellent for osteoporosis prevention, weight management and for increasing muscle strength and metabolic rate.

**Qigong:** Qigong can be thought of as a moving meditation. Slow, deep breaths are co-ordinated with profound yet simple movements and creative visualisation. Qigong is a self-empowering practice that builds on your own internal healing systems. It's also a practice that promotes health, energy & wellbeing and initiates transformation on all levels.

**Yoga:** Explore the dynamics of a yoga practise that enhances the proper functioning of the endocrine (hormone producing) system. Health, strength and vitality will be natural by-products of our dynamic but sensitive work.
